# Application locations

## Why do we start in cities?

- Homelessness and poverty are intense in cities.
- Suitable for technology and commercial infrastructure solution
- There are more channels to meet the needs of the homeless and those in need.

## What can be done where there is not enough technology and trade?

- Partnerships can be made to provide the technology infrastructure.
- Partnerships with governments and institutions can be made.
- Stores can be opened through partnerships with companies.
